Dear AGRF Partner,

It is now 3 months to the AGRF 2019. Please see some useful information below for you to prepare for the forum.

The AGRF public program is out!

On the program, we have more than 40 sessions and expect direct audiences of 300 speakers from the public and private sectors. Under the theme, digital transformation is transforming food systems and applications, particularly for smallholder farmers. The sessions will also look at advancing critical agendas in Africa’s agricultural sector, including digital transformation in a food system, supporting smallholder farmers, and the green agenda in agriculture.

This version of the program is shared to help you prepare your travel and time for sessions, refreshed it.

Register for AGRF now, as spaces are limited

Registrations opened for the AGRF 2019 in May and are open for a first-come, first-served basis. Hurry and register, as there will only be limited availability. Do not wait to book to ensure you are part of the world's premier forum for African agriculture when decisions and investments to transform the continent's economy are made. Click here to register.

Now partners join AGRF2019

The AGRF Partners Group continues to grow. As we very happily recently welcomed Corteva, the UK Department for International Development (DFID), UPL, and the United States Agency for International Development (USAID) as our newest partners. A few new partners will be communicated in the near future, and we look forward to sharing these with you.

If you would like to become an AGRF Partner or Sponsor, please contact the AGRF Secretariat at secretariat@agrf.org.

Select Speakers

The AGRF list of confirmed speakers continues to grow, with a wide variety of leading actors from public and private sectors, academia, youth activism, farmer organizations, research institutions, and business. Some of our latest confirmations include: Dr. quilt, Chief, CEO of UPL; and Oth. Anshul Shrestha, Head of the African Union Development Agency (AFAD/ENSA). Other confirmed speakers include: Dr. Francis Njagi, Secretary, Ministry of Agriculture, Kenya;dodgers; Dr. Gilbert N. Kaunda, President of the International Network of Agricultural Development (INoAD); and Dr. Michael Katurer, Director, Eastern Africa and Chief of Agricultural Innovation (EAC).

Click here to see the complete list of speakers.
