GROW DIGITAL
Leveraging digital transformation to drive sustainable food systems in Africa

AGRI 2030 FEEDBACK SURVEY
As the last day of the AGRI 2030 approaches, we would love your feedback. What have you learned from this conference? What would you like to see in future conferences? Please take a few minutes to complete our online survey.

MARKET HIGHLIGHTS
MARKET HIGHLIGHTS
African Union Commission (AUC)

The African Union Commission (AUC) and the African Union Trade and Investment Hub (AU-THINK) are collaborating to develop a digital platform to support agricultural value chains. The platform aims to connect farmers, processors, and traders, facilitating efficient and transparent transactions. The launch of this platform is expected to boost trade and investments in the agricultural sector.

DAY 3 HIGHLIGHTS

“Transforming agriculture cannot be done without partnerships. IPP is key. We have to work hand in hand with the private sector. And the regulators have to work closely with the private sector. We have been working together to develop a common agenda; this is the willingness and commitment to come together.”
— Mr. Akinwumi Adesina, CEO/AFDB

“Now a time when nations across the world are moving forward, it is encouraging to see African countries coming closer to each other through the African Continental Free Trade Area.”
— Dr. Nkosazana Dlamini-Zuma, AU Commission Chairperson

TODAY’S HIGHLIGHTS

Today’s highlights include:

1. Launch of the “Agriculture and Food Security in Africa” report.
2. Discussion on the use of digital technologies in agricultural value chains.
3. Panel on the role of governments in creating conducive environments for private sector engagement.

THANK YOU FOR ATTENDING AGRI 2030. We hope you found the conference informative and engaging. We look forward to seeing you at AGRI 2031!
